THE ANNUAL GENERAL MEETING

THE Annual General Meeting of Governors of the County Infirmary, Carmarthen, was held in the Guildhall, Carmarthen, on Thursday, 30th March, when the newly-elected President, Mr. Thomas Bevan, Llangennech, was in the chair.

MANAGEMENT COMMITTEE REPORT.

The Rev. Waldo Lewis, chairman of the Management Committee, presented the 92nd annual report of the Governors as follows:—

The continual increasing demand on the resources of the Infirmary is reflected in the large number of patients treated during the year; each 12 months the number becomes greater. The number of in-patients last year was 1,531 as compared with 1,251 in 1937. An increase of 280. There were 689 surgical operations, 1,377 X-Ray examinations and 570 eye cases.

Our Out-Patients' Department has been taxed to the utmost, in all there have been 2,576 patients treated during the year. The great increase in all types of patients proves the wisdom of the extension policy which was initiated in 1933, and the first stage of which has now been completed. How we have fared in the matter of the cost of Extension will be explained in detail by Canon Parry. The Committee would like to express its appreciation of his zeal and intensive work, especially during the closing phases of reaching the satisfactory position in which that particular matter now stands. It must not be forgotten, however, that it is only half of our work which has been accomplished. There still remains the need to alter and modernise the old building before we can consider ourselves fully equipped to meet the full needs of our area.

The Infirmary will celebrate its centenary in 1947—eight years from now. Is it too much to hope that the whole work will have been well and completely done before that interesting date arrives?

The work of the Maternity Department has been mainly concerned with abnormal cases. A large number of normal cases have also been dealt with in view of the Maternity Home facilities which the department offers. Over 98 per cent. of the County Council cases were abnormal and came to the Infirmary from every corner of the county. The number of maternal deaths in the whole of Carmarthenshire in 1938 was the lowest on record and in view of the high percentage of abnormal county cases admitted here one can justifiably claim that the Infirmary Maternity Department has been an important factor in this gratifying reduction of mortality in child birth in this county.

The County Obstetrician concludes his official report to the County Council on the year's work in the Maternity Wing with the following statement: "One hesitates to be too optimistic of figures in medical matters but one can feel not a little proud of the year's work which has had the good fortune to have had a generous statistical reward."

Last year we reported that we had entered into an agreement with the Carmarthenshire County Council allocating them a number of beds in our Maternity Wards on agreed terms,

Since then a similar arrangement has been made with the Carmarthen Borough Council and Llanelli Borough Council have recently asked us to make an arrangement of the same kind with them. In our last annual report we expressed the hope that some generous persons would be moved to defray the cost of a much needed Mortuary Chapel. We are happy to state that that hope has been realised through the good offices of a ladies' committee, who handed us the proceeds of a British Tea, and the chapel is now actually in being and in use.

The steady increase in the number of patients of all kinds treated has, of course, materially increased the cost of running the Institution. Your Committee is anxious to practice all possible economy without impairing the efficiency of the work done, and has instituted a special economy committee for the sole purpose of preventing any unnecessary spending. The full details of the various accounts will be given in the Treasurer's statement, but it may not be amiss to stress here and now that our expenditure last year exceeded our income by £1,231, and at the end of the year our total debit balance was £2,289.

The Management Committee recommends to you the appointment of Dr. Iwan Davies, Swansea, to our Honorary Medical Staff as Honorary Consultant Radiologist. Dr. Iwan Davies has already accepted the nomination, and awaits your confirmation. Dr. Davies has examined our X-Ray plant and has advised us that the expenditure of a few hundred pounds would make it possible to greatly increase its possibilities of usefulness, and thus to ensure that certain treatments hitherto not found possible could be given. We call attention to this in the hope that some generous friends of the Infirmary might come to our aid. Ultimately, the way might be found to establish a complete deep X-Ray Therapy Plant.

CONTRIBUTORY SCHEME.

At the end of May, Mr. J. O. Hill informed the Committee that he was no longer able to carry on his active work in connection with the Contributory Scheme. The Committee again expresses its thanks to Mr. Hill for his services and to show our appreciation we are co-operating with the Group Secretaries in promoting a testimonial. The fund is still open and subscriptions will be gratefully received by the Secretary, Mr. Isaac, or the Fund Treasurer, Mr. I. B. Jones.

The work of the Scheme during the year will be described by Mr. T. E. Williams, who is the first chairman of the important body of Group Secretaries, and who is one of a band of workers who are very active in our area in all matters connected with the Infirmary.

LORD NUFFIELD GIFT

We have recently been notified by the Radcliffe Infirmary, Oxford, that a Respirator (Iron Lung) has been allocated to us, and we are to expect delivery at the end of May.

We wish to ask the Governors to approve of a necessary alteration in the rule concerning Trustees, after consultation with our Hon. Legal Advisers, Messrs. Walters and Williams, we recommend the following alteration to Rule 5 (vide Solicitor's draft).

The Ministry of Health has, of recent years pressed for the co-ordinating of the whole of the Hospital Services of the country, and with this purpose in view recommends the dividing of the whole country into a number of Regional Areas served by a number of Hospitals of

varying grades. Our Institution has necessarily taken part in the preliminary discussions concerning this very important development and such discussions are still proceeding. It may be possible next year to give more definite information of the arrangement which may have been made.

The Management Committee recommends the election of Miss Polly Richards, as Vice-President, in accordance with Rule 3 (sub-section B.). For many years Miss Richards has been Hon. Secretary of the Linen Guild which has provided the Infirmary with valuable gifts every year. For this signal service we ask you to confirm this recommendation.

We desire once more to express our indebtedness to the members of the Hon. Medical Staff, and the Hon. Consultant Staff for the gratuitous and unremitting service which they continue to render to the Institution. Their ready co-operation and consideration are gratefully acknowledged.

The work of the Matron, Sisters and Nurses cannot be too highly praised, and we recognise that the good name which the Infirmary has acquired is largely due to their sympathetic care of the patients. During the year our House Surgeon, Dr. Solomon, left us to return to the West Indies. His successor, Dr. Christison, of Glasgow, started in November, and is giving excellent service to the Infirmary.

We are happy in the knowledge that we have many friends who appreciate our administration and who recognise the splendid results which are obtained in dealing with the stricken ones who come under our charge. Many friends have made provision in their wills for the payment of legacies. Many more have given smaller amounts with the same benevolent intention.

The Management Committee wishes to thank all who have helped the Infirmary during the year: Subscribers, promoters of entertainments, the various Churches, Group Secretaries, Collectors and Contributors. The Hon. Secretaries, Mr. J. Arthur Jones and Mr. Saer. The Hon. Auditor, Mr. Ernest White, the Officers of the Linen League, and a special vote of thanks to the local Press for giving us all the publicity we ask.

BLOOD TRANSFUSION SERVICE.

There is another group of people who have contributed to the success of our work in the Infirmary, namely, those who form the blood transfusion service of the Infirmary. There have been several blood transfusions and all have offered to give it when necessary. These people do this work voluntarily and unobtrusively and deserve more recognition and appreciation of their readiness to help in this particular way. We extend to you, Mr. President, sincere greetings, and thank you for honouring us by accepting the presidency for the second year in succession.

THE FINANCES.

In the absence through illness of the Hon. Treasurer (Mr. Cerdyn Evans, N.P. Bank), the financial statement was presented by Mr. Arthur Jones, one of the joint hon. secretaries. Mr. Jones, who said that was the first whole year during which the new wing had been in commission. That fact had to be borne in mind when the meeting heard the somewhat unsatisfactory condition of our finances now as compared with a few years ago." There had been a considerable increase in provisions and salaries and the cost of heating, lighting and laundry. In regard to provisions costing £2,976, Mr. Jones said that 131 persons were fed every day throughout the year at a cost of 8s. 9d. per head per week,

or 1s. 3d. a day. They were well fed as every hospital patient and every member of the nursing staff (who performed arduous and tiring duties), ought to be.

In the matter of salaries, the Governors could rest assured that no member of the staff was overpaid; in fact some of them were entitled to and deserved more. He also assured the meeting that every item of expenditure was closely scrutinised. The Finance Committee, under Canon Parry's chairmanship, pounced immediately upon any attempt at spending money unnecessarily. There was also an Economy Committee which explored every possible avenue for retrenchment.

On the Capital Account the figures showed practically no change from the previous year as no additions were made during last year to the Infirmary's investments. However, some legacies were received which stood to the credit of the Suspense Account, the net balance of which stood at £2,875. This sum had been kept as a set-off against the overdraft on the General Purposes Account and the X-Ray Account. By so doing they saved a little interest due to the bank.

INCOME LESS THAN EXPENDITURE.

The General Purposes Account showed best the result of the year's working. We started the year 1938 with an adverse balance of £1,058 6s. 6d.," said Mr. Jones, "but by the end of the year it had grown to £2,288 15s. That result is due to the simple fact that income is less than expenditure. Income for the year amounted to £9,386 16s. and expenditure £10,617 4s. 6d., leaving a deficiency on the year of £1,230 8s. 6d. This sum, with the adverse balances brought forward from the previous year, makes a total of £2,288 15s. It looks as if we are faced with two alternatives, either that income must increase or it may be necessary to curtail the services rendered by the Infirmary. To adopt the latter alternative would, of course, be a serious matter."

Mr. Jones went on to say that there had been two noteworthy increases in income—over £200 in the Contributory Scheme and £1,200 in the Private Patients' Account. The X-Ray Account was a growing liability, the deficit now being £519 16s. Although 1,377 persons were X-rayed only £27 12s. 9d. was received in fees, while the film plates during the year cost £84 11s. 7d. Apart from the Suspense Account and the Maternity Ward Account the net adverse balance on December 31st, 1938, was £2,689 17s. 1d.

UNINFORMED OR APATHY.

Principal W. S. Jones, Presbyterian College, moving the adoption of the report of the Management Committee and Financial Statement, said it was to be regretted that such a splendid service as the X-Ray Department did not pay its way. He was inclined to ask whether the general public were sufficiently informed as to the financial position of the Infirmary or whether they were apathetic to the welfare of such a beneficent institution which depended so largely upon public support. "I cannot but believe that the public when they are duly informed of the position, will readily respond to the call for greater support," added the Principal.

Seconding the motion, the Rev. David Williams, Vicar of Llanybri, paid glowing eulogy to the staff of the Infirmary, and also the good work done by the Maintenance and Finance Committees. He was very glad that a Mortuary Chapel had been erected. Many people had worked hard to raise money for the Infirmary, and they must receive all credit due for the admirable efforts.

The proposal was carried.

ALTERATION OF RULE.

the meeting made the following alteration to Rule 5:—

On the motion of the President, seconded by the Rev. Waldo Lewis,

“In view of the inconveniences and cost of the transfer of investments on the appointment of new individual Trustees from time to time, an alteration of Rule 5 will be submitted for approval providing for the appointment of a Trust Corporation to act as Trustee of the Permanent Capital and Investments, and for such minor alterations in such rule as may in consequence be considered desirable. Subject to such alterations being approved, it will thereafter be proposed that National Provincial Bank, Ltd., be appointed as the Trust Corporation for the purposes of the new rule.”

It was explained that the Trusteeship of the property of the Infirmary remains vested in present Trustees.

CANON PARRY'S THANKS.

At this stage Miss Stephens handed Canon Parry the cheque of £500 for the Extension Appeal Fund

Holding the cheque in his hand, Canon Parry declared, amid applause: “This is the outward and visible sign that the task to which I put my hand over four years ago has now been accomplished, and I have the honour and pleasure to report that the whole of the debt on the New Wing has been cleared. This includes not merely the building, but in connection with the old building, the furnishing and equipping of the new wing and the purchasing and furnishing of the nurses' hostel.”

Canon Parry went on to say that in all £18,091 had been collected for the Extension Appeal Fund, and he expressed his deep and sincere gratitude to one and all—from the princely benefactors down to the children who made paper flowers, and the children who collected five shillings by singing carols—for their magnificent efforts. There was no finer Maternity Ward in the country than that now attached to the Carmarthenshire Infirmary. The women's ward was also modern and up-to-date, and whilst he was proud of their new building he was not proud of the old building.

£300 SURPLUS : ANOTHER APPEAL.

There is a surplus of £300 on the Extension Appeal Fund, and I think we can, with this money, start a new fund to replace the old wards by modern buildings,” proceeded Canon Parry, “and if no one is prepared to organise this appeal I am ready to do it myself. (Applause.) I pledge myself to undertake this new campaign as long as health and strength are given me.” (Applause.)

Canon Parry went on to say that for the moment, naturally, he could not ask them to help to any great extent, but hoped they would do so when he was prepared to start on his task at a later date.

CONTRIBUTORY SCHEME REPORT.

Mr. T. E. Williams, Llanguing (Chairman of the Contributory Scheme Committee), presented the following report:—

From the date of Mr. Hill's resignation it was decided that in the interests of the Scheme it should be governed by a Committee. This Committee, called the Contributory Scheme Executive Committee, was duly formed and consists of two ladies and seven gentlemen, with Mr. John Sear as chairman. Meetings are held every Friday morning, and all matters concerning the Scheme are regularly dealt with. Since the inception of this Committee three new Groups have been formed in the county area: Cefnypant, White Mill and Parkylan; these three Groups are now flourishing and new members continually joining up. The town of Carmarthen has also been organised and divided into 15 Groups with a collector in charge of each Group.

The Financial Report is as follows:—Contributions from general members, £3.537 8s. 3d.; colliery employees, £384 16s. 1d.; railway employees, £429 18s. 11d., an increase in the general contributions of £113 4s. 3d.; colliery contributions of £13 3s. 1d.; railway contributions of £81 19s. 7d., making a total increase of £208 6s. 11d.

The Executive Committee considers this very satisfactory in the year's contributions.

During the year representatives of the Scheme Committee have attended Group meetings in many parts of the area, and thereby got into personal touch with the Secretaries, Collectors and Members. We have in mind a certain Group when the annual meeting being held we were immensely impressed by the manner which it was conducted. They appointed a Chairman, President, Secretary, Treasurer, Committee, Collectors and also four visitors to visit any of their Group patients while in Hospital. This, we thought, was a fine gesture. In this connection we would like to say that the Executive Committee is very ready to visit areas for the formation of new Groups, and to visit Groups already in being if it is thought that such visits are likely to be helpful. Suggestions for visits can be sent to the Secretary who will see that the necessary arrangements are made promptly.

The Committee is anxious to secure the help of Group Secretaries in the important matter of paying in contributions at regular intervals—at least once a quarter. In the early days of the Scheme the importance of this was not fully realised, but later experience has shown us that it is imperative that the somewhat easy going method of paying in any time before the end of the year should be discontinued in favour of the more business like and methodical way of paying in at stated periods. The advantages of this course are obvious and the important help that would be given in this way to avoid formidable overdrafts will, we hope, appeal to all members of the Contributory Scheme. The Group Secretaries hold a quarterly meeting at the Infirmary, and of which I have the honour to be chairman this year.

The Committee has asked me to convey to all workers of the Contributory Scheme their sincere thanks, and to assure them that their work is tremendously appreciated and often referred to by the Management Committee.

CO-OPTED MEMBERS.

On the motion of Mr. John Saer, seconded by Mr. Iorwerth Jones, the following representatives of the Contributory Scheme were co-opted members of the Management Committee:—Messrs. John Hughes, Felingwm; Thomas Walters, Four Roads; John Williams, Llanboidy; T. E. Williams, Llanginning; T. J. Evans, Peniel; Thomas Davies, Henllan, and Mrs. Williams, Llanybri Vicarage.

PRESIDENT'S TRIBUTE.

The President, in his address, expressed pleasure at presiding over the gathering for the second successive year, and thanked them for the honour they had again conferred upon him. He was glad to come to Carmarthen and to take an interest in the affairs of the County Infirmary which was doing such noble work.

The President paid special tribute to Canon Parry for his great efforts on behalf of the Institution, and said his work should be an incentive to them to do all they could for the Infirmary.

Thanks to the Management Committee for their valued services, the Honorary Medical Staff, the Matron and Nursing Staff for their loyalty and devotion, Canon Parry for his excellent services to the Extension Fund; the Hon. Secretaries (Messrs. J. Arthur Jones and John Saer); the Hon. Auditor (Mr. Ernest G. White); the Local Press for their generous help at all times, and all others who have helped in any way in the good work, were accorded on the motion of Dr. Charles Spurrell, seconded by the Rev. D. Glyndwr Richards.

SYMPATHY.

Sympathetic reference to the absence, through illness of Mr. Walter Lloyd, J.P., a former chairman of the House Committee (who was missing his first annual meeting for over 50 years); Rev. T. D. Thomas, Vicar of Llanllwch (a member of the Management Committee, who was in hospital in London, and whose son is also in London), and Mr. Arthur Phillips (also a member of the Management Committee, who was a patient at the County Infirmary, as a result of an accident received whilst following his employment), was made by the Rev. Waldo Lewis, and it was decided to send a message to each with best wishes for a speedy recovery.

PRESIDENT THANKED.

In a short address, the Mayor of Carmarthen (Coun. J. Islwyn Davies) said that the people of the town and county should be proud to know that in the new Infirmary buildings they possessed one of the best maternity centres in the country. The Mayor proposed a hearty vote of thanks to the President for the excellent way in which he has occupied his position.

Seconding the proposition, the Rev. D. Williams, Abergwili, stated that Mr. Bevan was known and loved by everyone. He is a man with an open heart and a helpful hand.

The proposal was carried with acclamation.

MANAGEMENT COMMITTEE.

The Management Committee was elected as a result of a ballot as follows (alphabetical order) :—Mr F. T. Brigstocke, Mr. John Davies (Alltwalis) ; Rev J. T. Davies, Capt. T. A. Evans (Pantycendy) ; Mr. J. O. Hill, Mr. Sidney James, Rev. D. Jenkins (Abergwili), Mr. Charles Jones, Mr. Iorwerth Jones, Mr. W. Ben Jones, Mr. H. Ll. Lewis, Mr. T. Hodge Lewis, J.P. ; Rev. Waldo Lewis, Mr. Ryle Morris, Mr. J. E. P. Morris, Mr. Arthur Phillips, Mrs. Preston, Mrs. H. M. Rees (Whiland), Rev. T. D. Thomas (Llanllwch), Mr. W. H. Thomas, Rev. D. Williams (Abergwili).

The Hon. Auditor (Mr. Ernest G. White) was re-elected.

Mrs. C. H. PORTER, 10, Spilman Street, Carmarthen.

REPORT FOR 1938.

We have much pleasure in presenting the Balance Sheet and Report for 1938.

As you will see from our Balance Sheet, our Subscriptions have increased by about £55, thanks to the hard work of the Secretaries and others, and also to a Whist Drive organised by Lady Dynevor, which realised £12 19s. 6d. We have to thank Miss Hartland, the Matron of the Infirmary, for the ready help she always gives us and our thanks are also due to all those who so kindly make and mend for the Infirmary during the year, including the members of the Rotary Inner Wheel under the Presidency of Mrs. E. G. White (for 1938).

P. RICHARDS

E. A. DAVIES

CARMARTHEN COUNTY INFIRMARY CONTRIBUTORY SCHEME.

Objects:

(1) To assist in providing an increased and more assured Income for the Carmarthen County Infirmary.

(2) To assist persons of moderate means in providing Hospital treatment when necessary for themselves and their dependants.

Subscriptions and Privileges:

The payment of a minimum of **2d.** a week entitles the contributor and his dependants to free treatment and maintenance while at the Infirmary, subject to the conditions herein stated.

“ Dependants ” means any member of a contributor’s family ordinarily resident with and dependent on the contributor.

The following are not included in the benefits of the Contributory Scheme:—

1. Maternity Cases.
2. Treatment for which the State or Local Authority has specifically undertaken to make other provision.

Contributors whose payments are in arrear for three months will no longer be entitled to free treatment unless such arrears be caused by unemployment or illness.

Patients whose circumstances are such as would entitle them to join the scheme, but who have not done so, shall be liable to be charged the full cost of maintenance while at the Infirmary.

Members are not entitled to benefit until a period of six months has elapsed from the time of joining, except new residents in the Infirmary area who join within three months of becoming permanent residents, who, if accepted by the Committee as members, are entitled to immediate benefit. A Contribution paid to cover a past period will not, in any case, entitle a Member to immediate benefit.

Admission.

Only such cases for whom Hospital treatment is essential can be accepted as In- or Out-patients.

The necessity for Institutional treatment is to be decided by the patient's own doctor (if a member of the Medical Staff) or in other cases by the doctor for the week, after recommendation by his or her own doctor.

Patients will be admitted as soon as there is an available bed. Urgent cases will be admitted immediately. In all cases it is to be understood that the liability of the Institution is limited to the extent of its accommodation.

Income Limits.

The scheme shall apply in the cases of persons whose income does not exceed the following limits:—

(1) Single persons over sixteen, widowers or widows without dependants—£3 a week.

(2) Married couples with no dependent children, and persons with one dependant—£4 a week.

(3) Married couples with child or children dependent, and persons with more than one dependant—£5 a week.

Contributors to the scheme whose income is in excess of the limits stated above may have their maintenance charges reduced or remitted in case of admission to the Infirmary. But charges in the matter of medical or surgical treatment for such contributors must be arranged by the patient and his or her doctor.

The ordinary rules dealing with the admission and discharge of patients will apply to patients admitted under the contributory scheme, and preferential treatment will not be given to such patients.

Methods of Contributing.

(1) Through places of employment, arrangements to be made for a weekly deduction from wages.

(2) By the formation of local groups contributing through a voluntary collector,

Where employees consent to the weekly deduction, their employers should be asked to contribute regularly a further sum. Such contributions can be entered as trading expenses for Income Tax reduction.

The Institution, through its Management Committee, reserves the right of revising, adding to, or terminating these rules by giving six months' notice in the local press.

Governors, Life Governors, Employers of Labour and all are asked to help to make the Scheme a success.

N.B.—Members paying 3d. per week enjoy the following privileges:—

1. The costs of hospital maintenance incurred while away from home, due to accident or illness of the Contributor or his Dependants, to be paid by the Infirmary Management Committee.
2. Payment of Expenses incurred for maintenance at another Hospital to which a Contributor or any Dependant has been sent by the Management Committee on the written recommendation of a Member of the Honorary Medical Staff.

All correspondence, etc., in regard to the Scheme should be addressed to:—

FORM OF BEQUEST

*I bequeath to the CARMARTHENSHIRE INFIRMARY
the sum of _____
free of Legacy Duty, and I direct that such sum shall be
paid out of such of my personal estate as is by law applicable
for charitable purposes, and that the receipt of the Treasurer for
the time being of the Infirmary shall be an effectual discharge
to my Executors therefor.*
